ENDURO-FLEX TURBO™

Increase your productivity with the ENDURO-FLEX TURBO™ and its unique grit 36/60 ceramic grain blend that removes material quickly and leaves a paint-ready finish. The patented Turbofan™ design minimizes heat transfer to the surface which increases the disc life. Compatible with both steel and stainless steel, the high performance ENDURO-FLEX TURBO™ helps you work better and faster thanks to the fastest removal rate in the industry.

- ▷ Fastest removal rate in the industry
- ▷ Patented Turbofan™ cooling keeps the workpiece cooler for longer disc life
- ▷ Vibration-free and comfortable grinding

PRO TIP: Achieve a paint-ready finish in one easy step. The ENDURO-FLEX TURBO™ removes material quickly (like a 36 grit), but leaves a finer 60 grit paint-ready finish, saving you a valuable step in the finishing process.
