

SURFOX-T

Heavy-Duty Electrolyte Cleaning Solution

SURFOX-T is a heavy-duty electrolyte cleaning solution that removes weld discoloration and enhances passivation to the work surface without the use of dangerous pickling paste. Thanks to the combination of Surfox-T and our High Conductivity Surfox cleaning pads that conduct more electricity, weld discoloration from harder to clean TIG and SPOT welds will be removed instantly and the original mill finish will be restored, requiring no further treatment.

Features & benefits:

- Highly effective electrolyte cleaning solution
- No scrubbing or mechanical action required
- Instant cleaning of heat tint from welding
- Non-flammable, VOC free
- **ASTM A967 certified for chemical passivation for stainless steel**
- NSF registered under category code A3, registration No. 142984
- TIP! Neutralize with SURFOX-N to complete the cleaning process

Description	Size		Order No.:	MSDS
	Metric	Imperial		
Cartridge	100 ml	3.4 fl. oz.	54-A 001	S-01
Liquid	1.5L	50 fl. oz.	54-A 005	S-01
Liquid	20L	5.2 gal.	54-A 007	S-01
Liquid	208L	55 gal.	54-A 008	S-01

ACCESSORIES

SURFOX-N, 500ml	54-A 023
SURFOX-N, 20L	54-A 027
Standard High Conductivity pads	54-B 026
Inside corners High Conductivity pads	54-B 027
Narrow High Conductivity pads	54-B 028
Mini Surfox	54-D 050
SURFOX 104	54-D 114
SURFOX 204	54-D 214
SURFOX 104 with Mini-Wand and brushes kit	54-D 164
SURFOX 204 with Mini-Wand and brushes kit	54-D 264

Technical Information

Density	1.38 g/ml @ 20°C
Flashpoint	N/A
Odor/color	Acidic, Clear
pH (50g/L H₂O)	<1
Risibility	Miscible with water
VOC	0
